Sleeping Dogs: Top Dog Silver Pack is DLC for Sleeping Dogs which gives you a large number of every type of experience points in the game. This DLC had been gifted to me, and it did make my runthrough of the game a lot faster/easier, but there is nothing provided in this DLC which isn't already in the game - it just takes out the progress of doing so. When combined with the other experience DLC, you'll have already unlocked more than half of the perks in the game based off of experience.

I'm giving this a recommend because it's extra and completely extraneous, but it provides a short cut/boost for people who are having a hard time with the game or don't have as much time to devote to the game. But if you don't want to have that leg up, don't pick this up.. I bought a bundle with this DLC par of it, I was a little dissapointed as after 2-3 missions you will be maxed out in everything. takes out the reward for not destroying public property, or causing brutal knockouts.. Sucks that this came with the all inclusive version I got a while back, it did ruin the experience quite a bit just having everything opened up at the beginning. This was before Steam had the option of un-ticking the DLC in the library.
